Links, winning duels with classic decks like Harpie Lady and Red-Eyes Black Dragon can be a challenge due to the constantly changing meta. Here's a rundown of the top 10 best decks for Yu-Gi-Oh! Duel Links in the 2024 meta. 10. Trickstar - Despite lacking powerful boss monsters, this deck remains a viable option for those who refuse to give up on their beloved Trickstars. With its unique combination-based gameplay, it provides an entertaining way to play and feeds the ego of duelists. However, mastering it can be tricky, especially when drawing cards like Candina or Light Stage in the first hand. Key Features: - Fun to play: The Trickstar deck is enjoyable for anime fans and those who love hand-emptying combos and battle-focused effects. - Pain to play against: Duelists may struggle to understand how Trickstars work, leading to frustrating losses. Trickstar Light Stage (x1) and Lycoris are the main cards for this build. Salamangreats are one of the most affordable decks in Yu-Gi-Oh! Duel Links, with a starting cost of 22.5k gems. The deck is easy to get started with, as many of its required cards can be obtained through packs or given at the start of the game. Adding certain cards like Update Jammer and Accesscode Talker can significantly boost your chances of winning. Key features of this starter deck include: * Consistency in card draws * Cards that work well together * Ability to revive yourself with Salamangreat Roar and Sanctuary This deck is also highly customizable, allowing players to transition into a powerful Cyberse Mathmech deck later on. Some cards required for the main deck are Gizmek Kaku, Salamangreat Gazelle, and Cynet Mining. To emerge victorious with the S-Force deck, it's crucial to have a strong starting hand, ideally featuring S-Force Gravitino. The strategy involves deploying Gravitino and two other S-Force monsters to set up for a decisive blow using S-Force Chase, which can banish all enemy monsters. A well-crafted S-Force deck should include three copies of both S-Force Gravitino and S-Force Rappa Chiyomaru to increase the chances of drawing these key cards early on. The S-Force deck excels at controlling the opponent's moves, offering a unique advantage that can be quite enjoyable. Moreover, it has a high skill ceiling, requiring in-depth knowledge of various decks and archetypes to outmaneuver opponents successfully. This complexity can be seen as a challenge rather than a drawback for experienced players. In contrast, Rokket decks offer a different approach, capable of competing against meta decks while posing significant challenges for opponents. They are less likely to face nerfs due to their balanced power level, making them a solid investment for players. Rokkets have shown adaptability and reliability across different metas, performing well in current leaderboards and expected to improve with future support. Key features of the S-Force deck include its opponent control capabilities and high skill ceiling, which appeal to players seeking a challenging yet rewarding experience. For Rokket decks, their ability to fly under the radar without inviting nerfs, combined with their adaptability to meta changes, makes them an attractive choice for competitive play. The S-Force deck list includes main cards like S-Force Rappa Chiyomaru, S-Force Lapswell, and S-Force Gravitino, alongside supportive spells and traps such as Terraforming, Ice Dragon's Prison, and Reinforce Truth. The Extra Deck features powerful monsters like Chronomaly Vimana and Nightmare Unicorn. Rokket decks, on the other hand, focus on Rokket Tracer, Magnarokket Dragon, and Silverrokket Dragon in the main deck, supplemented by Quick Launch, Book of Moon, and Crackdown for strategy and defense. Both decks require careful construction and a deep understanding of their mechanics to leverage their full potential in competitive duels. Necro Fusion et Extra Deck composé de Borreload Furious Dragon, Draco Berserker of the Tenyi, Scarlight Red Dragon Archfiend, Void Ogre Dragon, Dark Rebellion Xyz Dragon, Evilswarm Nightmare, Borreload Dragon, Booster Dragon sont quelques-unes des combinaisons possibles. Les Earth Machines ont gagné en popularité grâce au soutien récent apporté par Koonami, ce qui les rend désormais jouables. Grâce à ce soutien, il est plus facile de invoquer Machina Citadel, un élément clé du style de jeu de ce deck. Il est essentiel de mettre Citadel dans votre cimetière le plus rapidement possible, ce que le nouveau soutien facilite. Machina Fortress est l'élément central de ce deck, permettant de passer d'une situation difficile à une situation favorable en un seul tirage de carte. Son attaque et son effet peuvent vous mettre dans une bonne position si vous parvenez à le tirer dans votre main initiale. Il permet également de mettre Machina Citadel dans votre cimetière, ce qui est essentiel pour les combinaisons de ce deck. Un autre atout de ce deck est sa capacité à invoquer rapidement des monstres XYZ et à submerger l'adversaire avec des capacités offensives. La combinaison d'Infinitrack Anchor Drill et de la carte magique Heavy Forward peut permettre d'invoquer un monstre comme Superdreadnaught Rail Cannon Gustav Max, qui peut directement attaquer les points de vie de l'adversaire. Les Earth Machines disposent de ressources gérables, ce qui signifie que lorsqu'on perd des monstres, des sorts ou des pièges, on peut les recycler efficacement pour les réutiliser. Ce deck permet également d'avoir une présence sur le terrain en invoquant rapidement des monstres impressionnants avec Infinitrack Anchor Drill et Machina Fortress. De plus, les Earth Machines ont la capacité de perturber les plans de l'adversaire tout en améliorant sa propre position sur le terrain. La liste de deck pour les Earth Machines comprend Machina Fortress, D.D. Crow, Machina Citadel, Infinitrack Brutal Dozer, Infinitrack Anchor Drill, Infinitrack Harvester, Machina Air Raider, Infinitrack Trencher, Infinitrack Crab Crane, Infinitrack Tunneller, Machina Redeployment, Book of Moon, Heavy Forward, Outrigger Extension et Treacherous Trap Hole. Le deck extra contient Superdreadnaught Rail Cannon Juggernaut Liebe, Infinitrack Earth Slicer, Infinitrack River Stormer, Infinitrack Mountain Smasher et Infinitrack Goliath. Ensuite, il y a le deck Mayakashi, qui offre un style de jeu unique difficile à trouver ces jours-ci. Ce deck est particulièrement intéressant pour les fans d'anime, notamment ceux qui s'intéressent à la culture, l'histoire et le folklore japonais. Les monstres de ce deck sont inspirés des yokai, créatures surnaturelles du folklore japonais, et chaque monstre du deck principal a un homologue dans le deck extra, ce qui est particulièrement intéressant. L'objectif est d'escalader rapidement les niveaux de synchronisation avec Dakki, la Mayakashi élégante, ainsi qu'un monstre de niveau un comme Winged Mayakashi, Hajun ou Yuki Musume, la Mayakashi de glace. Un skill d'archive est également disponible pour faciliter ce processus. This deck offers an alternative to synchro-climbing, allowing players to directly send cards from their extra deck to the graveyard and free up space for more synchros. Key features include a unique playstyle that involves building upon previous monsters, resulting in the summoning of increasingly powerful synchros. Additionally, the artwork on these cards is particularly stunning, making them enjoyable to use. Main Deck: * Hajun, the Winged Mayakashi (3) * D.D. Crow (3) * Dakki, the Graceful Mayakashi (2) * Yuki-Musume, the Ice Mayakashi (3) * Yasha, the Skeletal Mayakashi (1) * Forbidden Droplet (2) * Mayakashi Return (3) * Mayakashi Winter (1) * Enemy Controller (1) * Mayakashi Mayhem (1) Extra Deck: * Yoko, the Graceful Mayakashi (1) * Tsuchigumo, the Poisonous Mayakashi (1) * Yuki-Onna, the icicle Mayakashi (3) The Fire King deck features an extremely powerful structure that allows it to recycle its cards. This makes it challenging for opponents to deal with and can result in a win without needing the extra deck. Main Deck: * True King Agnimazud, the Vanisher (3) * Fire King High Avatar Garunix (3) * Fire King Avatar Arvata (3) * Kiteroid (2) * Battlin' Boxer Veil (3) * Wightprincess (3) Extra Deck: * Dark Rebellion Xyz Dragon (1) * Brotherhood of the Fire Fist - Tiger King (1) * Number C39: Utopia Ray (1) * Number 39: Utopia (1) Given article text here Utopia the Lightning Malevolent Sin Nightmare Phoenix Duelittle Chimera 3. Constellar Imagine struggling to climb with your Yubel or Shaddol for months because you're against change. If you want victory, consider using Constellar as it offers one of the easiest climbs in a long while. Even Tenyi duelists need to play the game and face their fears when against Constellar. This deck is great because you can return your opponent's cards right back to their hand, stopping their hand traps and Book of Moon plays. You can summon up to four monsters on the first turn, who doesn't love a stellar deck? Key Features Xyz Summoning: The speed at which you can summon Xyz boss monsters like Constellar Ptolemy M7 and Constellar Pleiades is one of this deck's best assets. Opponent Control: Bounce effects control your opponent's cards, a useful disruption technique that will mess up their plan. It's also flexible, making it hard to play against because they can bury your cards and end the game before you know it. Flexibility Constellar is not fun to play against due to its flexibility. You think you've done something good but then they counterattack and bury your cards. Constellar deck list: Main Deck: D.D. Crow (x3) Constellar Zubeneshchamali (x3) Constellar Caduceus (x2) Constellar Pollux (x1) Constellar Sombre (x3) Constellar Sheratan (x2) Constellar Alrescha (x1) Constellar Leonis (x1) Constellar Rasalhague (x2) Forbidden Droplet (x2) Ayers Rock Sunrise (x3) Living Fossil (x1) Constellar Star Cradle (x1) Constellar Star Chart (x1) Crackdown (x2) Warning Point (x2) Extra Deck: Constellar Ptolemy M7 (x2) Constellar Pleiades (x1) Abyss Dweller (x1) Constellar Omega (x2) Bujinki Ahashina (x1) Nightmare Phoenix (x1) 2. Live Twin The Live Twin deck consists of the twin girls for main monsters, then staples in the rest of the deck. You'll need to roll three times before getting enough cards but it's worth it for the rambunctious twins. Key Features Consistency: The twins work well together, and their consistency connects the entire deck, including link monsters. Swarming: One of the best things about the Live Twin deck is how easy it is to swarm the board with your 12,000-ATK monsters. Like Tenyi and S-Force, build a strong foundation with your early game domination. Here's a suggested deck list: Main Deck: * Gizmek Kaku, the Supreme Shining Sky Stag (1) * Live Twin Ki-sikil (3) * Live Twin Lil-la (3) * D.D. Crow (1) * Forbidden Droplet (1) * Mystical Space Typhoon (2) * Enemy Controller (1) * Live Twin Home (1) * Secret Password (1) * Ice Dragon's Prison (2) * Crackdown (1) * Warning Point (1) * Ballista Squad (1) * Evil Twin Present (1) Extra Deck: * Nightmare Unicorn (1) * Evil Twin Ki-sikil (3) * Evil Twin Lil-la (2) * Nightmare Cerberus (1) * Nightmare Phoenix (1) Tenyi is considered the best deck in the current Yu-Gi-Oh! Duel Links meta, with a simple and straightforward strategy. It's beginner-friendly, affordable, and utilizes the graveyard effectively. Note: This text is paraphrased from the original message. That the Tenpai Dragon Deck can unleash is to utilize a combination of Paidra, Chundra, and Sangen Kaimen in the Battle Phase to secure a full combo and win the Duel outright. The deck also benefits from the addition of board-wiping cards such as Raigeki and Lightning Storm. The Crimson Dragon-Cosmic Blazar Dragon combo remains an effective way for the deck to secure victories.
