Ethiofetena Exams TextBooks Schools Blogs Ethiopian Grade 10 Student Textbook [PDF]. Download all subject grade 10 (EGSECE) textbooks for students in PDF for free download provided by the Ethiopian Ministry Of Education (MOE). Why Ethiopian Grade 10 Student Textbook is important? At the end of grade 10th students sat for the country's first national examination called Ethiopian General Secondary Education Certificate Examination (EGSECE). The EGSECE is popularly known as grade 10. Grade 10 comes under Secondary education. It a one-year academic session and the first cycle of secondary education. There are a total of 12 different subjects in grade 10, the MOE provided separate textbooks for each subject. Therefore, students can study their cause subject online with the help of these textbooks. If a student passed the national examination at the end of grade 10 then they get promoted at the second cycle (Grades 11 and 12) of secondary education. Ethiopian Grade 10 Student Textbook The goals of the grade 10 secondary education are to provide general education that will enable the students to identify their needs, interests, and potential. As a result, they can choose their field of study and that enables the student to continue further education and training. By studying these textbooks students can prepare Ethiopian General Secondary Education Certificate Examination. The following subjects will be offered in Grades 10: Mother Tongue English, Amharic as a second language Mathematics, Information Technology, Civics & Ethical Education, Biology, Chemistry, Physics, Geography, History, and Physical Education. The natural sciences - Biology, Chemistry, and Physics in Grade 10 be offered as general education subjects (Grades 9 and 10). Download Ethiopian Grade 10 Student Textbook [PDF] The list of currently available textbook links for each subject is given below. Students can download the textbook in PDF files for their study purpose. In Grades 10, all students begin studying all subjects - Ethiopian languages - through the medium of English. It is therefore crucial that English classes develop students' subject survival skills, confidence, and learning strategies. Students will have come to secondary from a range of different schools and backgrounds and will be a more diverse group. Therefore, the focus in Grades 9 and 10 is on revision and extension of what students covered at primary rather than introducing a range of new language items. Topics, texts, vocabulary, and activities are more directly linked to other school subjects and reflect the national focus on science and technology.
