Bessie (2015) The Bessie Pelipula sees the Director Dee in Team with Queen Latifah to tell the story of the American singer Bessie Smith. When the film hit screens, audiences and criticsists, they went to their televisions to see the transformation of Bessie Smith (Queen Latifah) of the singer's fight in The Empress of the Blues. Ren Jender, writer of Bitch Flicks, echoed that feeling, saying that although the Biopic follows the usual rhythms of the G.A. Nero, a movie on a black woman queer (smith was bisexual) [made] by a black woman Queer outside ... is unusual and, therefore, necessary. Produced by old members of N.W.A, Straight Outta Compton illustrates how the iconic hip-hop group became "and how, even from its beginning, the group revolutionized the music and the pop. In addition to displaying electrifying musical performances, the film also takes an honest and arrogant look at police brutality in the south. Angeles - something that always feels relevant today. Photo CORTESY: New Line Cinema / IMDB and although the actors who starred in Compton were incognito relative at that time, their actions left a lasting impression worthy of the innovative music group of the film. Writing for the variety, Scott Foundas signaled that, "[Yy] Compton is undeniably of the moment, it is also timeless in his representative of how artists and writers transform the world that surrounds them in an angry, profane staff. Vibrant and unique. Expression. Selena (1997) This biopic relates the tragically short, but undoubtedly incredible, the life and career of the Star of the Misica Tejana Selena Quintanilla-Pérez. The Pelica is perhaps the most remembered for the performance of Jennifer López's break, which Roger Ebert called, "doing a stay". And he was not the only one to applaud the acting chops of Jlo. Photo courtesy : Warner Bros./imdb In his film review, cinema critic James Berardinelli wondered: "If the family of selena, when observing this performance, he felt a strange sense of déjà vu", it is necessary to say, if looking to be fully transported by a biopic, selena is a Must visit And, if the 1997 film is not enough, be sure to review the new Selena: the series in Netflix. Ma Rainey's Black Bottom (2020) Based on the August Wilson's work of the same name, the black lower part of Ma Rainey is a better career for Oscar-Winner Viola Davis and the late Chadwick Boseman, who made his final appearance in the film . For those who are not familiar with the legendary Blues singer, Ma Rainey was a trailblazer back in the Day each of 1920: he sang more than 100 Blues records and became one of the first black artists To sign with Paramount. film, Ma Rainey and the band of it come together in a recording studio based Chicago in 1927, and the tensions in the film are some microcosm of icon life. In an interview with the New York Times, Davis pointed out that Rainey was "A woman who was about his sexuality, without apologies about his courage. "And the film certainly captures these things: Unlike other recent music biopics, Ma Rainey's bisexuality was not erased" and, against dismissal, Ma Rainey always knows his courage". Arrive up (2014) Get up to the spectators with a window to James Brown's life by highlighting some of the moments that made him one of the most iconic singers in history. In fact, the film establishes how the monumental contributions of the Brown music of his era of the era. Á , ~ When it comes to covering "social activism documented by Brown, AA, a significant and frequently polytic aspect of its character" (through the blackboard). The Bamba (1987) The Bamba Account The story of Rockstar Ritchie Valens, whose career and life were cut due to an accident year. The Chicano singer became famous "Bamba", a Mexican popular song, in a blow and roll. And it had only 17 year OS when this happened everything. Photo courtesy: Columbia Pictures / IMDb of Valens' (Lou Diamond Phillips) Complicated family Dynamics to the way the race affects his life, the Bamba captures the lush laps and the minimum trages of This life of the great music icon. "This is a good little film, sweet and sentimental, so Bre a girl who never had the opportunity to show him the things, "Roger Ebert noticed, in his review by the Sun-Times of Chicago. "The best things in him are the most unexpected things." Lady sings the blues (1972) This classic of 1972 sees Diana Ross, head singer of the Vocal Group (Also of Aka Motown's very successful. ACT during 1960), portraying Jazz singer Billie Holiday. Holiday. Photo Cortesia de Motown Productions / Paramount Pictures / IMDb in fact, Lady Sings The Blues was nominated for a total of five Oscar, although it had mixed criticsists. A good critical number stood that the film is not a very objective representation of Holiday, but it was also universally recognized that Ross's performance deserves the price of entry. Roger Ebert wrote that Ross gives «one of the great interpretations of 1972» and she marked that á € "has the majority of the clichés that we hope, but we really care about the cliché © s in a movie like this ? Walk the Line (2005) Based on two autobiography of the singer-songwriter Johnny Cash, Walk the line tells the story of Cash (Joaquin Phoenix) and his wife, June Cash (Reese Witherspoon). From the origins of the CashÁ € peasant to the memorable performance of him in the state Prison of Folsom, the film tries to cover everything, even the little paccating moments. Photo courtesy: 20th Century Fox / IMDb Á «Knowing the discs of Johnny Cash» more memory. I closed the eyes to concentrate on the soundtrack and decided that, yes, that was the voice of Johnny Cash I was listening to ». Roger Ebert wrote in his review. Á «Closing credit cards leave it clearly» Quin Phoenix singing, and I was crazed. "While Phoenix was nominated for an Oscar, it was Witherspoon who won an Oscar for his interpretation of June who defined her career. All in all, it is an essential biopic. Ray (2004) Undoubtedly, the definitive Biopic of Ray Charles is reinforced by a truly incredible assembly distribution. Jamie Foxx, who won a deserved Oscar for playing the legendary music, is accompanied by the winner of Emmy Kerry Washington; The winner of the Naacp Image Clifton Powell Award; and the Oscar winner and several Emmy Regina King Awards. Photo UniversalThe film traces the life of Carlos, from childhood to the moments that consolidated him as a pioneer of soul music. Peter Travers of Rolling Stone wrote that "Jamie Foxx goes so far into the man and his music that he and Ray Charles seem to breathe as one. "It goes without saying that if you're a fan of Charles's work or a lover of music, Ray is a must-have biopic. The United States vs. Billie Holiday (2021) Director Lee Daniels says his life changed because of the 1972 movie Lady Sings the Blues, which saw Diana Ross playing jazz singer Billie Holiday. And this formative visualization experience finally led him to create his own holiday biopic. Set in the 1940s and 1950s, The United States vs. Billie Holiday focuses on the last years of the artist's career and explores her status as a civil rights leader. Photo courtesy: Hulu/IMDb The then Federal Bureau of Narcotics (FBN) pressured Holiday to stop singing "Strange Fruit", a song the movie describes as a "lyrical and horrific description of a lynching." Besides shedding light on the songs (and Holiday's songs), Connections to protest and resistance, the film allows Andra Day to give a "career-defining performance" as the "black artist without apology" who has since become a blues legend. IÁeÁÁm Not There (2007) Directed by Todd Haynes (Carol, Velvet Goldmine), IÁeÁÁm Not There describes itself as "inspired by the music and many lives of Bob Dylan". In short, it could be the most unique approach to making a biopic we've seen in a long time. Throughout the movie, six actors portray Dylan's popular characters. Photo courtesy of Tobis Films/IMDb The line-up includes Christian Bale, Cate Blanchett, Marcus Carl Franklin, Richard Gere, Heath Ledger and Ben Whishaw. But, undoubtedly, Blanchett received the highest acclaim, winning prizes Venice Film Festival and Golden Globes, as well as an Oscar nomination. Called one «deliciously unconventional experience», there can be no innovation, innovation. He captures Dylan's spirit. What does love have to do with it? (1993) Based on the life of Tina Turner, WhatÁs Love has to do with it, it is the protagonist of Angela Bassett and Laurence Fishburne as Tina and Ike Turner respectively. The film traces the rise of Tina" by local artist from St. Louis to a superstar of Rhinestone and does not refuse the growing jealousy of Ike. Photo Courtesy: IMDb With the powerful performances of Bassett and Fishburne, what does love have to do with It is more than the average biopic "is a powerful, joyous, raw and energetically acting film" (through Chicago Tribune). However, both Ike and Tina had some reservations: Ike felt that he had been completely vilified, while Tina felt that he had become a victim, telling Oprah Winfrey in 2018, "I didn't realize that they would change the details so much."
