HUNTER x HUNTER: Greed Adventure is a role-playing game based on the universe of the popular manga HUNTERxHUNTER. A videogame where we will have to help Gon, Killua, Kurapika and other characters to emerge victorious from Greed Island. The history of HUNTER x HUNTER: Greed Adventure is located after the story arc of Greed Island: the Hunters Association now controls the island and the game within it has evolved with a multitude of novelties. In the renowned Greed Island 2 (GI2) we will live new adventures never seen in the series, although we can remember the moments lived in it through flashbacks. Playing this game of HUNTERxHUNTER could not be more simple: the fights are executed automatically and we can only activate the special abilities of the characters of our team. This simplicity is ideal for us to focus on getting new characters, evolve and create the perfect team. HUNTER x HUNTER: Greed Adventure is a great video game that adds new stories to the fantastic work created by Yoshihiro Togashi. A work with a visual aspect that will get us fully into the anime.
