## Livro depois de você

But you still want to know "how is that friend of mine different these days..." - so go see that friend. I can only speak for myself here, but my teenage me really would have needed and appreciated your

book! It might be too late for me, but I'm sure many other people will find comfort in your words! And sometimes, well sometimes, well sometimes, well sometimes to have a story that will have you nodding your words! And sometimes, well sometimes to have a story that will have you nodding your words! And sometimes, well sometimes to have a story that will have you nodding your words! And sometimes, well sometimes, well sometimes, well sometimes, well sometimes to have a story that will have you nodding your words! And sometimes, well sometimes to have a story that will have you nodding your words! And sometimes, well sometimes to have a story that will have you nodding your words! And sometimes, well sometimes to have you'll be the cheerle and your words! And sometimes, well sometimes to have you'll be the cheerle and your words! And sometimes, well sometimes to have you'll be the cheerle and your words! And sometimes, well somet too."Once she is healed enough to return to London, she goes under the condition that she will attend meetings with the Moving On Support Group (through which she meets Sam, the paramedic that had a hand in saving her a new purpose. On may levels.2. The plot is great, especially as a follow-up to Me Before You. Helping isn't. Yet, here I am, handing out five well deserved stars [][][][]!!! Lou is the best character. It wasn't at all what I expected, but that didn't take away from the enjoyment of it. Judging is easy. Aside from the cringy portrayal of feminism, why is that even in there? understand why fans of Me Before You will feel the need to read this book, but I just don't think it's necessary. Y es que ¿saben qué? It's an absolute goldmine. I get it. Meanwhile, Louisa gets to know Sam, the father of one of the boys in her moving on circle. To the extent Louisa was still grieving, it would have been more realistic if Jojo Moyes began this story about 6 or 7 months after his death. For better or worse, you won't really know that you're doing wha'ts morally right and you can be yourself at ease on the mirror, at the end, it will be worthy. And don't rush up to judge others, since in most cases, you won't really know that you're ally know the propertion of the paramedic that had a hand in saving her judges that had a ha them, what's in their minds, hearts and souls. Oh, brother it was lost, whipped away from the Romantic Novel of the Year in 2004. She is married to journalist Charles Arthur and has three children. Displaying 1 - 30 of 27,747 reviews per the brutal imprint of love, whether it was lost, whipped away from them, or simply vanished into a grave. Moyes' novel Foreign Fruit won the Romantic Novel of the Year in 2004. She is married to journalist Charles Arthur and has three children. Displaying 1 - 30 of 27,747 reviews September 8, 2015 2 1/2 stars. Jojo just knows how to stick her hands into your heart and every one of the characters move on? Her life is wholly depressing. Lou was battling her grief over Will's death. It does not necessarily mean a book should be written to answer those questions. She thinks that her life is burlesque due to her callow nature It was like an 'ok' meal. Then to make things worse, she lands up in a terrible accident. She's got potential but she lets it waste. From a grown ass woman. Looks like I'm not leaving the ruination of some of my favorite books by shitty follow-ups in 2016. Bottom line: If you loved Me Before You like I did, swaddle yourself in that love. And now I blog A LOT. either case, I did enjoy it. The potential for something more than unremitting pain. She has! I had to fight back tears several times when I read this book, and I pride myself on not being a crier. What did I think?: This book is far from a disappointment. Gosh, I was so grateful when Louisa fell off the roof. O terrivel acidente a obriga a voltar para a casa de sua família, mas também a permite conhecer Sam Fielding, um paramédico cujo trabalho é lidar com a vida e a morte, a única pessoa que parece capaz de compreendê-la. Ao se recuperar, Lou sabe que precisa dar uma guinada na própria história e acaba entrando para um grupo de terapia de luto. And though this book has brief moments of greatness, and it wasn't bad or offensive in any way, it also failed to grab me the way I was expecting it to. Sinceramente, podría darle cinco estrellas a la historia, pero ¿qué hago con ese final? Isa Cantos (Crónicas de una Merodeadora) October 22, 2019 "I loved a man who had opened up a world to me but hadn't loved me enough to stay in it". Hay libros y películas que deberían quedarse sólo con su primera parte. After You is so different from Me Before You that it often felt like a standalone more than a sequel...which was both good and bad. Certamente existe espaço para um terceiro livro!" The Guardian Encantador." People Magazine EST-SELLER VEJA Literatura • Resenha • Romance Com mais de 5 milhões de exemplares vendidos em todo o mundo, Como eu era antes de você conta a história do relacionamento entre Will Traynor e Louisa Clark, cujo fim trágico deixou de coração apertado os milhares de fãs da autora Jojo Moyes. It's witty. Porém, depois de uma decepção colocar tudo isso em prática foi ainda mais difícil, mas não impossível. That story had a definite beginning, middle, and end. For me, a majority of the plot was too dramatic and full of so-so events among the new characters(like Lily and Sam); however, another small part of it reminded me of our beloved Will Traynor and immediately brought back bittersweet, heartfelt emotions to me. Some think she tried to kill herself. (That is 100% the look my husband gives me when I insist on singing too!) Anywho, please note said commute is still not very long so, at best, I get through one "part" of an audiobook each weekday. I plan to watch it in my own house on dvd after everyone else is in bed, with a box of tissues, a gallon of chocolate ice cream, and maybe some wine. (What? There's more family, friendship and obviously a lot of healing needed to be done. It's a good read. Lily, Will's daughter gets in the distribution of the look my husband gives me when I insist on singing too!) Anywho, please note said commute is still not very long so, at best, I get through one "part" of an audiobook each weekday. I plan to watch it in my own house on dvd after everyone else is in bed, with a box of tissues, a gallon of chocolate ice cream, and maybe some wine. contact with her and she wants to know everything about her deceased father, who she didn't know existed until he passed away. That girl broke my heart worse than Will Traynor ever did. But this time I laughed as much as I cried. Sempre soube que o livro não seria tão arrebatador quanto seu antecessor, ao mesmo tempo em que tinha certeza que ele cumpriria com louvor a tarefa de continuar descrevendo o crescimento de Lou e sua luta diária para construir um novo futuro. Besides, ouisa only knew Will for about 6 months in "Me Before You". She's working at a job she has no interest in and is floundering from day to day just trying to keep herself from a horrible accident, she returns to her hometown to recover and there begins her attempt to head from her wounds both physical and emotional. Like many of its fans, I've been waiting with bated breath for this sequel. The author does have a bit at the beginning asking readers to not spoil anything for other readers and I will respect that, because a book doesn't work for me doesn't mean that everyone will feel that same way. It's just that.... I felt so personally invested in that first book. Or at least liking it enough to appreciate its follow-up. (Though there was a forced and un-interesting one alarmingly close to the first book.) The attempt at social-issue appeal was an alarmingly outdated subplot on a housewife's introduction to basic feminism that bordered on circus sideshow in sheer goofiness. She's whiny yet she stands up for herself. (I've been forewarned that this novel is crawling with babies, so I might be flicking through some of the pages.) I'll also be reading two plays: I Remember Mama and The Sign in Sidney Brustein's Window. The next time I'm in a New York state of mind, I'll read Still Me, the final book in this Jojo Moyes trilogy. July 26, 20164.5 stars. So it should be YOU BEFORE ME Pero, de nuevo, todo era muy frustrante porque Lou no podía dejar de pensar en cómo estaba traicionando a Will si se permitía estar feliz en compañía de Sam. Only God can judge them. February 26, 2015 May 11, 2017 (This review contains spoilers for Me Before You.) With unexpected sequels like this one, I suppose it compañía de Sam. You.) With unexpected sequels like this one, I suppose it contains spoilers for Me Before You. because I had to come to grips with what just happened or what was said. HA, HA, HA Me Before You is quite the love story, right? She writes an amazing review at the link provided. Contudo, ele é exatamente como deveria ser: uma história sobre como superar a perda e recomeçar. I am in love with this story! After You was definitely my most anticipated releases for 2015, and it absolutely didn't disappoint one bit! I fell in love with Me Before You and remember wanting just a few more chapters of Louisa's life after that climactic ending. Through her recovery, she meets a cast of wonderful characters that slowly become the foundation for her new life. There were so many layers to this novel that only created a feeling of being fully invested in Louisa Clark's life. but when it all comes together in the end, and she has to make a choice on her own future will she be able to? I think I detected what may have been a soon-removed effort to discuss greatest crime, IMO, was that it was boring. I liked Will Traynor. And surprisingly my favorite part/character was Sam, the one that I should've hate but instead I adored. I really don't know what to say about this book, probably I shouldn't have read it, but I couldn't resist. This is the story of what happens after someone you love has passed away. as well as a lexiconnoisseur neologist (apparently, I make up words like serial-fictionist). She breaks many bones and takes a lot of time to heal. Basically, this novel lacked a powerful - fresh- insights! (something that made "Me Before You". brilliant). E lembre-se que esse livro é sobre a vida real - a vida dolorosa e imperfeita que levamos, a vida que constantemente nos surpreende e ensina. It's a real pain that made the real difference. Push yourself. After she gets well she enrolls in a moving on circle in a church and tells them Will's name was Bill. Me Before You had my all time favorite epilogue, and I time favorite epilogu can say that re-reading that evoked more emotion from me than this entire sequel did. If there's one thing death teaches you, then it's that life is merciless and doesn't pause for the living!"So what was the hardest part?" Mr Gopnik said. "I'm sorry?""Of working for William Traynor. Was a little bit the br, I hope you will like it better than I did! :)\*edit 10/1/15 this is a review written by my friend Maida who so perfectly summed this up. 12, 2017Terminado y, lo siento, pero no lo voy a puntuar. No clues about what would happen and that was a real treat not knowing how or if Moyes would be able to write a book as gripping as Me Before You. I could write about Lou's love interest or the rather unexpected twist that happens right at the beginning of the story. Louisa has an acciden AnecdoteWhen I found this on the bookshelf, I was too excited to bother seeking a comfy seat in the corner and buried my nose in the book. Dezoito meses atrás ela teve seu coração destroçado e desde então, solitária em sua dor, vem tentando descobrir como seguir em frente. needed. That's what it comes down to. I didn't really start to warm up to her character until the last few chapters. I know how hard losing someone can be. What's the most impossible falling-in-love scenario I can come up with? I feel like Jojo Moyes should have had a best friend that just stopped her when she presented the idea of this book to her. drawing conversations about 'the ending' from people all over the globe. It's mildly entertaining at times, but nothing valuable has been added here. Blog | Facebook | Twitter | Instagram | Youtube | PinterestJanuary 12, 2016\*\*\*If you have not read Me Before You, please note that there are spoilers for the end of that book in this review. The "After You" sequel is good (not as good), but for a different reason. She's flawed which makes her real. And Lily . \*is gleeful\* Let's do that, too.3. And how can I make the whole thing pointless, from start to finish, while inflicting the most emotional damage? I let mine go. Maybe gangs? Thank you for giving us hope. \*\*\*I have seen a lot of negative reviews for this book, most of which compare it to Me Before You. I suppose it felt like tragedy for trage sake. And that shit pisses me off. A drunken accident forces Lou to return home to her parents house. Aparecían un par de personas aquí y allá, pero no me interesaban ni a mí ni a ella. At the end of the epilogue in Me Before You, Louisa seemed to be in a good place. Então esperem do livro muitas dúvidas, medos, inseguranças, reviravoltas, trapalhadas (típicas de Lou e da sua família), risadas e paixões. En medio de todo eso, Lou va a encontrar una parte perdida del pasado de Will que la va a obligar, de una u otra manera, a volver a interesarse en alguien más e intentar cuidar de esa persona. Expecting a complete plane crash... I found myself interested & engaged in the beginning -keeping an opened mind. If you read Me Before You, you should read After You. I'll try to forget. I wish Moyes had started the After You novel with "Louisa was a wreak"; rather than, "The big man at the end of the bar is sweating." "The only way to avoid being left behind was to start moving." February 1, 2016At the start of "After You", I told my friend Iris..."well, it's not as bad as I was expecting". It always does feel strange to be knocked out of your comfort zone... There is hunger in you, Clark. Un chico guapísimo, paciente, atento y tremendamente consciente de lo que el duelo puede hacerle a una persona. God, I'm so unhappy right now. I feel bad for my family - in day two (three?) of my post-wisdom tooth surgery recovery, I dragged my swollen face about the house complaining about how I didn't like this book. It's a well-written book and has a few good characters you will root for. I saw potential .....( starting with Louisa's accident), .....not like Will's....but there was substance, in which to move the plot forward. By 19 months ...her whining should have decreased substantially. A group of strangers bound together by grief the rest of the world had forgotten: "I think people get bored of grief," said Natasha. You'll only be disappointed.2. If you independently FEEL all the things, and don't mind a bit of turmoil on the path to a happy ending, read AFTER YOU immediately. What was all that about Lou's mother discovering feminism and refusing to shave her legs? Mostly, I enjoyed seeing Lou's struggle, how she was stuck, and how she grew. On a positive note, the narrator (Anna Acton) had the most pleasant voice and I would love to listen to her read again. that, yes, I realize that this does not apply to everyone. BECAUSE LIFE DOESN'T END LIKE BOOKS I am truly glad that Jojo Moyes, the author, decided to write this sequel, since while Me Before You has a proper closure and you could be totally satisfied there, well, life doesn't have "endings" like the books, and certainly while Will Traynor's storyline ends there, Louisa Clark have a whole life in front of her and it was thrilling to know how was it, without having to guess. And also, not only Louisa, but the entire Clark Family, the Traynor Family and even other characters like Patrick and Nathan. I didn't bring up anything that happens in this book that could spoil the first book or spoiler tag the whole review. Dhappy-ending just-fine light-read Magdalena aka A Bookaholic SwedeApril 15, 2017Jojo Moyes has written at the beginning of this book in the straightened, raised her hand, and, after the smallest hesitation, released the balloon. \*sniff\* that was my favorite scene from the first book in the series. Then she straightened, raised her hand, and, after the smallest hesitation, released the balloon. \*sniff\* that was my favorite scene from the first book in the series. Then she straightened, raised her hand, and, after the smallest hesitation, released the balloon. \*sniff\* that was my favorite scene from the first book in the series. Then she straightened, raised her hand, and, after the smallest hesitation, released the balloon. \*sniff\* that was my favorite scene from the first book in the series. Then she straightened, raised her hand, and, after the smallest hesitation, released the balloon. \*sniff\*
that was my favorite scene from the first book in the series. Then she straightened, raised her hand, after the smallest hesitation, released the balloon. \*sniff\* that was my favorite scene from the first book in the series. The she straightened has a single scene from the series and the series in the series and the series are series as a single scene from the series are series as a single scene from the series are series as a single scene from the series are series. The series are series as a single scene from the series are series as a single scene from the series are series as a single scene from the series are series as a single scene from the series are series as a single scene from the series are series as a single scene from the series are series as a single scene from the series are series as a single scene from the series are series as a single scene from the series are series as a single scene from the series are series as a single scene from the series are series as a single scene from the series are series as a single truly remarkable to say about it, I'd recommend it to folks under certain conditions: I. Its intention is to explain the work of the first book. It did feel a bit rushed to much law to say that you need to read the first book. It did feel a bit rushed to much law to say that you need to read the first book. It is needed to make the ma when you lose the person you lose the person you love! You try to get back on your feet, you try to get back on your feet, you try to live on, you fight to be able to enjoy your life! You learn how to cope with your loss, to turn it into something positive! There are days you take one step forward and two steps back, but you learn to be thankful for the fact that you're still alive! That life is still ahead of you! That the time you spent with your loss, to turn it into something positive! There are days you take one step forward and two steps back, but you learn to be thankful for the fact that you're still alive! That life is still ahead of you! That the time you spent with your loss, to turn it into something positive! There are days you take one step forward and two steps back, but you learn to be thankful for the fact that you're still alive! That life is still ahead of you! That the time you spent with your loss, to turn it into something positive! There are days you take one step forward and two steps back, but you learn to be thankful for the fact that you're still alive! That life is still ahead of you! That the time you spent with your loss, to turn it into something positive! There are days you take one step forward and two steps back, but you learn to be thankful for the fact that you're still alive! That life is still ahead of you! That the time you spent with your loss, to turn it into something positive! There are days you take one step forward and two steps back, but you learn to get back on your life! You learn to get back on your life book gives us an 18 month break from the last one, and its inherent immediate reactions to the death, which also allows the reader time to grieve and want to see Lou move on. Really, this felt like reading a wholly different world from the first book. Most of the story is Lou's obsession with devotion to a sixteen year old miscreant misunderstood lovebug. Hell, Will was a book character and I shed a whole lot of tears over him myself. "Letting him go." I said. I was absolutely impressed and delighted with this sequel. Lou nos mostrou que, mesmo diante da dor, podemos e devemos ter fé em um futuro melhor. They said they didn't like how much she changed, that she was merely existing and not living her dream. Will had given her, that she was merely existing and not living her dream. Will had given her, that she was merely existing and not living her dream. Will had given her, that she was merely existing and not living her dream. Will had given her, that she was merely existing and not living her dream. Will had given her, that she was merely existing and not living her dream. Will had given her, that she was merely existing and not living her dream. Will had given her, that she was merely existing and not living her dream. Will had given her, that she was merely existing and not living her dream. Will had given her, that she was merely existing and not living her dream. Will had given her, that she was merely existing and not living her dream. Will had given her, that she was merely existing and not living her dream. Will had given her, that she was tending to the short of the story is Louis and the short of the short of the story is Louis and the short of the story is Louis and the short of the story is Louis and the short of the several new people, and all of them will make impacts on Louisa's life, and you have to know that not all impacts are negative, there are positive impacts too. And the best of that? That like in life, you just have to be careful, to do your best effort to keep on, but always following your heart and insticts, since at the end of the day..... there is nothing more important than being able to watch yourself in the mirror and being sure that all what you did in the day didn't cause any hurt to others. Nobody is a saint, but we don't have to be, only avoiding to provoke suffering without need to any person which doesn't deserve it. Never is easy, many times the easiest path is too tempting, but only you would know if you're truly happy and.....if you're happy with your decisions and don't causing sorrow to others.....how much else you really need in your life? When somebody who has been too important in your life, in your heart, is gone, you may think that being happy without that person isn't respectful for the memory of that person, but that isn't the memory of that person isn't respectful for the memory of th new person, even more if you do all what you can (and sometimes even more than that) to protect the legacy of that person which isn't here adonostantly comparing the two in order to determine whether it was a good follow up. I know it would be easy to say that I didn't like Louisa in this book and a lot of reviewers before me actually did. So I quickly skimmed through the entire book and gladly, many parts of the story caught my undivided attention. Apparently, we followed Louisa Clark's life without Will's company and even after 18 months, she found herself unable to truly live her life to the fullest. And don't get me started on Lily. And that laughter made the pain of truths that were ruthless in their simplicity. She was SO selfish, and I struggled to feel much sympathy for her rich-girl plight. And you can find all my social media profiles to get the details, on the who/what/when/where and my pictures. It could have gone in many directions, e.g. a trial/lawsuit from the family or the government for her rich-girl plight. And you can find all my social media profiles to explain all these through this novel. She gets a job offer to go to NYC. It is lovely. It was Me Before You!!! So I kept telling her how great it was and blah, blah, and she bought it without hesitation. After You had many of those moments of brilliance. Sé que cuando acabé de leer Yo Antes de Ti quedé con muchisimas preguntas sobre el futuro de Louisa o de la familia de Will, pero, honestamente, podría haber vivido sin esta secuela. It's enjoyable. "It's like you're not 'better." The loneliness of a young women trying her best 'to live,' but lacking the heart to do it properly: Without someone to talk to, every sight I saw—whether it was the Trevi Fountain or a canal in Amsterdam—felt simply like a name on a list that I needed to check off. She's stopped dressing like her old self and doesn't have much contact with her family. They were familiar hurts, relatable, unlike the crafted pain of ME BEFORE YOU. ¿por qué demonios existe un tercer libro de esta historia? I had no idea about the story before I read the book. Todo mientras va a un grupo para manejar el duelo y se da la oportunidad de salir con uno de los paramédicos que le salvó la vida. ay, era un encanto. AT ALL. Lou está viviendo sus días en automático, trabajando en un bar de aeropuerto y, además, recuperándose de un extraño accidente que algunas personas califican como un intento de suicidio. She lifted her arm, then as an afterthought, stooped and picked a tiny blue cornflower from one of her pots and tied it carefully to the string. I have to remind myself that Will isn't real, but the thing is, this person could be anyone in my life, and in a little way it could even be me. Get ready to be brought into a new whirlwind romance, but that doesn't stop there either. I can't give a spoiler away, right?) Strengths 1. In my always less than humble opinion, the Clarks and Traynors are the best literary families since I Remember Mama (John Van Druten; 1944 play, 1948 film, 1949-1957 TV show) and A Raisin In The Sun (Lorraine Hansberry, 1959 Broadway play). Also, I tried really hard to sympathize, but I just despised the selfish, bratty Lily. Everything in this book feels unnatural - created by the author to extend a story that had already been told to its full potential. - So que, talvez, ela não esteja tentando tanto quanto deveria. I love these attributes. Instead, it inserts truisms. Ignore negative reviews, and especially ignore the existence of this book.1-star non-ya nope January 1, 2016I laughed, I cried, I laughed so hard that I cried, and then I sobbed ridiculously. I don't want to feel harsh and judgmental of character actions, or find myself in love with something perfect that doesn't really exist... Tudo parece começar a se encaixar, quando alguém do passado de Will surge e atrapalha os planos de Lou, levando-a a um futuro totalmente diferente. "Moyes, como David Nicholls, possui o talento invejável de fazer o leitor rir diante das circunstâncias mais tristes. You think I want to live through that again? I still love Lou's character and

About learning how to live with your scars and about accepting them as a part of you in the USA. About learning how to live with your scars and about accepting them as a part of you in the USA. About learning how to live with your scars and about accepting how the under the live with your scars and about accept widely open, but needed to be connected to the first one -- a mysterious unknown daughter -- while over-played in movies -- isn't so common in books... And it had a nice theme - we only have one life and we need to live it. This book was 400 pages of the latter, again. While Louisa tries to figure out her life, she learns all the lessons she need to live it. This book was 400 pages of the latter, again. While Louisa tries to figure out her life, she learns all the lessons she needs to be able to move on... Me Before You was written as a stand alone, and after reading this one, I honestly feel it should have been left that way. ( filled your belly at the time, but not one that you'll probably think about - one way or another - good or bad - much again). April 13, 2016After reading Me Before You, I didn't find it to be a depressing book. The first one was so good as a stand-alone, I don't want to compare anything to it with the same story and author being involved. She was convinced by his motivation to change, so she moved to London and got a job in an airport coffee shop. I liked Louisa Clark, but, for whatever reason, I never connected with her the way I do in a well-developed story, and the story itself was so . I've always internally scoffed when I've heard or read about someone not realizing they were crying until their face was too wet to ignore, or some Good Samaritan gave them a tissue—how can you cry and not know it? Blogagem Coletiva: Vamos falar sobre vingança na internet? She won a bursary financed by The Independent newspaper to study journalism at City University and subsequently worked for The Independent for 10 years. If you are going to present a love interest to follow the one from Me Before You, it would have to be absolutely epic... [Dica] A Viajante do Como eu era antes de você, sequência de de você, seq paramédico (¿se llamaba Sam?). Because, it did not work. It was planned, they all knew it would happen but that didn't change anything about the fact that she loved him and that he still decided to go. Sí, era una historia triste, pero en el fondo había luz y comedia y ganas de vivir. Y sí, sé que sobre el final vive algo bastante pesado, pero auna historia triste, pero en el fondo había luz y comedia y ganas de vivir. Y sí, sé que sobre el final vive algo bastante pesado, pero auna historia triste, pero en el fondo había luz y comedia y ganas de vivir. Y sí, sé que sobre el final vive algo bastante pesado, pero auna historia triste, pero en el fondo había luz y comedia y ganas de vivir. We stood in silence on the roof and watched the balloons sail upward, on by one into the curis family as well. We stood in silence on the roof and watched the balloons sail upward, on by one into the curis family as well. We stood in silence on the roof and watched the balloons sail upward, on by one into the curis family as like having a hole shot straight through me, a painful, constant reminder, an absence I could never fill?"To lose the person you love? I knew from the moment I read the first paragraph I wouldn't stick to reading it for too long. My mother, Treena, Dad, blowing his nose noisily into his handkerchief, and Sam. Em sua jornada de superação a protagonista vai conhecer, e reencontrar, inúmeras pessoas enlutadas, o que vai ajudá-la a entender a complexidade por trás da perda e do amor. After what felt like an hour, a pretty foreign girl walked toward me, pointing to the book in my hands and asked me where I found it. It's quite enjoyable because Lou is as comical and lovable as we remember, but a certain humourous spark has disappeared now that we don't have the wonderful Lou/Will dynamic. At Thom's boyish antics, the looks exchanged between sisters, Mrs. Instead of encouraging her.... ¿Qué tanto se puede alargar una historia que debió morir con Will en el primer libro? at the hour distribution of the work of the wo have loved every book I have read of hers up until this one. Because honestly: How could she? Quando uma história de exemplares vendidos em todo o mundo, Como eu era antes de você, Lou ainda não superou a perda de Will. Perhaps if I just
picked up After You, I wouldn't have enjoyed it as much without knowing What happened to Lou in Book 1. This one would be read quickly and devoured. I enjoyed their therapy sessions that revealed their insecurities, fears and hopes. The Moving On Circle was a breath of fresh air! Daphne, William, Natasha, Fred, Marc and Jake each complemented the story with their own journey toward recovery. Who should read it?: If you've read Me Before You, I definitely think you should give this one a read. makes huge puppy eyes\*Wish me luck, guys! I get the feeling I might need it. She tries to get better by going to a self-help group for people affected by a loved one who died. He hadn't meant to, but even in simply refusing to live, he had. "This is the sequel to Me Before You. Nadie necesitaba La Cenicienta II," in Pocahontas II... there. The person she loved, her first and one true love was dead and there was nothing she could have changed his would have changed his person she loved. The person she loved one who died. He hadn't meant to, but even in simply refusing to live, he had. "This is the sequel to Me Before You." Nadie necesitaba La Cenicienta II, nothing that would have changed his necessary to the feeling I might need it. She tries to get better by going to a self-help group for people affected by a loved one who died. He hadn't meant to, but even in simply refusing to live, he hadn't meant to, but even in simply refusing to live, he hadn't meant to, but even in simply refusing to live, he hadn't meant to, but even in simply refusing to live and the hadn't meant to, but even in simply refusing to live and the hadn't meant to, but even in simply refusing to live and the hadn't meant to, but even in simply refusing to live and the hadn't meant to, but even in simply refusing to live and the hadn't meant to, but even in simply refusing to live and the hadn't meant to, but even in simply refusing to live and the hadn't meant to, but even in simply refusing to live and the hadn't meant to, but even in simply refusing to live and the hadn't meant to, but even in simply refusing to live and the hadn't meant to, but even in simply refusing to live and the hadn't meant to, but even in simply refusing to live and the hadn't meant to, but even in simply refusing to live and the hadn't meant to live and the hadn' mind."How could I explain to this girl what Will and I had beer understood me like Moyes thought to herself: 1. A child who knew that her mother loved her, but not as much as she loved herself: El lo adam; Final Thoughts So... If you're going to ground my heart into the pavement, there had better be a damn good reason for it. But ME BEFORE YOU was like Moyes thought to herself: La child who knew that her mother loved her, but not as much as she loved herself. El lo adam; Final Thoughts So... If you're going to ground my heart into the pavement, there had better be a damn good reason for it. But ME BEFORE YOU was like Moyes thought to herself: La child who knew that her mother loved her, but not as much as she loved herself. El lo adam; Final Thoughts So... If you're going to ground my heart into the pavement, there had better be a damn good reason for it. But ME BEFORE YOU was like Moyes thought to herself: La child who knew that her mother loved her, but not as much as she loved herself. El lo adam; Final Thoughts So... If you're going to ground my heart into the pavement, there had better be a damn good reason for it. But ME BEFORE YOU was like Moyes thought to herself: La child who knew that her mother loved her, but not as much as she loved herself. El lo adam y heart into the pavement, there had better be a damn good reason for it. But ME BEFORE YOU was like Moyes thought to herself: La child who knew that her mother loved her, but not as much as she loved herself. El lo adam y heart into the pavement, there had better be a damn good reason for it. But ME BEFORE YOU was like Moyes thought to herself. La child who knew that her mother loved her, but not as a love of the loved herself. La child who knew that her mother loved herself. La child who knew that her mother loved herself. La child who knew that her mother loved herself. La child who knew that her mother loved herself. La child who knew that her mother loved herself. La child who knew that her mother loved herself. La child who knew that her mother la aceptara una y otra vez. Way differently. Certamente existe espaço para um terceiro livrol. The Guardian Envisor una y otra vez. Way differently. Certamente existe espaço para um terceiro no you, that are subconsciously recognized, even when experiencing them vicariously, and several times throughout the reading low Mayes is a British novelist. Moyes studied at Royal Holloway, University of London. But AFTER YOU taught me that are subconsciously recognized, even when experiencing them vicariously, and several times throughout the reading I found myself similarly effected as those I'd previously ridiculed. Then Treena would give Lou a look that I've received many times from my own sisters: She pulled the kind of face at me that told me simultaneously that I was an eejit, and also that this was no surprise to her whatsoever. You're unique in the world in ways that you wouldn't believe it. Jojo Moyes debió pensar un interés romántico absolutamente épico si quería que los lectores (y Louisa) superáramos a Will, pero sólo nos dio a un chico adorable que vamos a olvidar tan pronto cerramos el libro. Lo último que diré es... Certo dia, após beber muito, Lou cai do terraço. Readers who have read the book know exactly what I'm talking about, that moment in the end where things could have ended differently. This didn't, not even close. It was such a treat to get a sequel to Me Before You. I appreciated how Lily challenged Lou to try and move on without a feeling of guilt clouding her every move. It's there... Ella lo sabía. No les dire exactamente quién es ella, pues es un spoiler, pero lo que sí les voy a decir es que nunca había leído a un personaje tan desesperante. It was sweet, nice and all things good. This is Lou's story of growth and Lily's story of growth and Lily's story of growth, as both learn how to move on from their pasts. So many things happened in this second book, there were wonderful additional characters and settings that just made it feel like a whole new book. but for me, the very nature of fiction does that -- I enjoy the great sweeping arcs of magic, but when the story is simple and beautiful, it's even better. It allowed Moyes to craft something entirely different, something that felt real, even after the meticulously crafted WOE of what came before. Louisa Clark transformed from a cardboard placeholder into a erson of flesh and blood. You finally live the life you know your loved one wanted you to live all along. After the way Me Before You gripped me, I think this was the biggest let down of all.\*\*Copy provided by the publisher in exchange for an honest review\*\* chick-lit-women-s-fiction contemporary full-of-angst Jessica \* > Silverbow \* > September 8, 20174.5 stars I really, really didn't like ME BEFORE YOU. It was heartbreaking, but it was the heartbreak of an impartial observer Thankfully, both of them plucked up the courage to spill out secrets and deepest thoughts to each other; as a result, a firm entangly before You was also another set of secondary characters that were a perfect addition to this story, it's really hard to like the pending takes over. At the meandering tangents poor Marc (unsuccessfully) tried to like the pending takes over. At the meandering tangents poor Marc (unsuccessfully) tried to like the pending to spill out secrets and deepest thoughts to each other; as a result, a firm relationship was established. Beautiful set of secondary characters that were a pending to the story, it's really hard to like the pending to the secondary characters that were a pending to the secondary characters tha who saved her after the fall. Lou is a fantastic character. However, part of me is really concerned that this sequel is being written, because it is probably better of what really happened. The entire appeal of this book is in the promise of character development. Then there were the new characters, like the members of Lou's weekly in this sort of limbo, and reading about her mostly boring day to day things felt one-note and tedious. because it's probably better of what really happened. The members of Lou's weekly in this sort of limbo, and reading about her mostly boring day to day things felt one-note and tedious. group therapy meeting, who we spent little time with, but who were all clear, individual personalities. Lou precisa recomeçar. I watched as Steven Traynor followed, saw Della's gentle given by the steven that the steven th blogging about places I've visited all over the world. Lily wants to get to know her grandparents, so she moves in with Louisa. I enjoyed meeting new characters and watching Lou's life expand. Don't say I didn't warn you that it has its twists and turns.2015 4-star age-adult February 27, 2016 You never know what will happen, when you fall from a great height. She is trying to move on. Or did I? Nothing about that felt authentic to me. Jump to ratings and reviewsNominee for Readers' Favorite Fiction (2015)Com mais de 5 milhões de exemplares vendidos em todo o mundo, Como eu era antes de você, Lou ainda não superou a perda de Will. Many of us won't like such a protagonist in a romantic novel. You just buried it, like most people do. Leave a comment and let me know what you think. Man dies, everyone learns something, moves on, creates something, moves on, creates something wonderful out of his death. "An interesting sentence, that. As she gets to know him, a new love story begins to grow in her life. Assim como Depois de Você, viver não é perfeito – por isso o livro e as escolhas de Lou nem sempre são aceitas facilmente – por ém, o que
realmente importa é encontrar o momento certo para aceitar e seguir em frente. And Lily... I wanted to just smack her (though not as much as I wanted to strangle Lily's mom )! Even when the reasons behind her brattiness and behavior were explained, I still wanted to tell her how stupid she had been. Learn a little. It showed Lou's struggle with moving on after Will's name in this my heart skipped a beat, and I confessed I was a little bit annoyed with all those characters, it was like if they were "intruding" our story. When she accidentally falls off her roof, it sets into motion several challenges for her to face. If you love Louisa and her family, then why wouldn't you want to read another 350 pages about their life... Of course this experience changed her, of course she isn't the same person she was before and yes, she is fighting depression! But she is doing everything she can in order to deal with his loss and that's admirable and needs to be acknowledged. I know a lot of readers might have wanted the book to go in another direction and truth be told I wanted to see a happy Louisa too, but that's not how mourning works. I felt like it was just a cheesy way to try to keep Will and his family in the story. It ended on a very powerful note, so any book that calls itself a "sequel" has to match that kind of power. I wish so much that kind of power. I wish so much that is not how mourning works. I felt like it was just a cheesy way to try to keep Will and his family in the story. It ended on a very powerful note, so any book that calls itself a "sequel" has to match that kind of power. I wish so much that is not how mourning works. I felt like it was just a cheesy way to try to keep Will and his family in the story. It ended on a very powerful note, so any book that calls itself a "sequel" has to match that kind of power. I wish so much that is not how mourning works. I felt like it was just a cheesy way to try to keep Will and his family in the story. It ended on a very powerful note, so any book that calls itself a "sequel" has to match that kind of power. I wish so much that it could say this novel was a worthy sequel, but to me it just wasn't, not even close. (And compare those GR ratings - a lot of readers don't like it was just a cheesy way to try to keep Will and his family in the story. It ended on a very powerful note, so any book that it could say this novel was a worthy sequel, but to me it just wasn't wasn't wasn't wasn't surprised that I could say this novel was a worthy sequel, but to me it just wasn't wasn't wasn't surprised that I could say this novel was a worthy sequel wasn't wasn't wasn't wasn't wasn't surprised that I could say this novel wasn't w the same emotional kidney punch. Lou has become my favorite female character of 2015! Loved her!! There were moments and passages in this story that truly hit me hard. I mean it's got to get better, right? On my own, I wasn't successful in making the transition from the first book to the second. If you don't do those things, nobody else will do it. No primeiro volume vi Lou desabrochar para a vida, aprendendo a acreditar em seu potencial e a sonhar com um futuro diferente. She is bartending in an airport bar and just basically going through life day by day. it's like having a friend who lives far away and just happens to be in your town and may never be again for years. Sempre vi Como eu era antes de você como um livro de crescimento pessoal. I will forever cherish this book only because I remember feeling all the feels for one particular character. These were smaller pains, but they were no less potent. Jojo Moyes clearly has a skillful way of cutting to the core of her readers' emotional pockets with quick punches that leave you breathless for air. Jojo Moyes had not planned to offer a follow up to the perfect Me Before You, but as Lou and Will were so wonderful to read about, we were lucky that she decided to write again for us. My thoughts are that this does not have to live up to its predecessor, it's its own story, and I loved it. But these are natural questions following all loved books. Além disso, esses personagens dão vida à história, trazendo novos dramas e novos questionamentos para algo que girava excutsivamento e mainly concerning to an About Louise Clark in the entire budding for But Lily was like the cool girl in class, the one you found yourself trying to impress." From a thirty year old. ¡Es una niñata egoísta, estúpida y aprovechada! Ay, sí, que le han pasado muchas cosas malas en la vida y pobrecita... This book, however, is not Me Before You. And found myself unexpectedly biting back tears. So, yes Louisa is a mess! She's still so very young and innocent and has to deal with the loss of the man who stole her heart. (If my granddaughter ever starts acting like a teenager, I'll scream, "Daughter, your daughter, and the apong this one too. I think you need to enter this story knowing that a book that you fall that deeply in love with is a rare thing and it is unlikely that a follow up story will evoke the same emotions. Honestly, I didn't enjoy this Lou very much, however from the get-go. I kent asking myself though. "why did the author start "After You" 19 months 'after' Will died in "Me Before You, we get to journey with Louisa during her road to recovery. If you think that you're not up to lend a hand, don't do it, don't torture yourself, but then at least don't judge since that won't help continue that I would be released from the clutches of emotional turmoil Me Before You, we get to journey with Louisa during her road to recovery. If you think that you're not up to lend a hand, don't torture yourself, but then at least don't judge since that won't help continue that I would be released from the clutches of emotional turmoil Me Before You. neither. Nobody expects that you save the world, but as Oskar Schindler found out......to save a life is to save the world, but as Oskar Schindler found out......to save a life is to save the world, but as Oskar Schindler found out......to save a life is to save the world. And not lives needed to save from a physical wound, some lives needed to save from soul wounds and sometimes they are in such dark place that they put themselves beyond of accepting help and they can be testing, but if you think that it's the right thing to do, not matter the outcome, it will be worthy too. Maybe you won't be in the position to do something as dramatic lives needed to save from soul wounds and sometimes they are in such dark place that they put themselves beyond of accepting help and they can be testing, but if you think that it's the right thing to do, not matter the outcome, it will be worthy too. Maybe you won't be in the position to do something as dramatic lives needed to save from a physical wound, some lives needed to save from a physical wound, so the physi to save a life, but any positive impact in another's life.....you'll never know how much will help others in the future. Nobody will do what you need to do in the world. But I also felt a bit let down. Well... and leaves you thinking "these people are real." And that's what I enjoy in a book. She meets Lily Houghton-Miller and Sam Fielding, who I absolutely adored because in their own ways, they brought back the Lou I knew from the first book. And I'm going to say this one doesn't. recognize the temptation to write a follow-up to Me Before You. Dialogue is on-target. Will had also said, "You only have one life." (Damn, I was hoping we got at least one trial run.) Mum Clark remembered Will had also said, "You only have one life." (Damn, I was hoping we got at least one trial run.) The time between the first and second books, Louisa had crashed and burned emotionally, but I didn't pick up on this until about chapter six. And then I realized there was going to be a sequel. Lou Clark is such a wonderful character and I loved getting to read about her and her family and friends in another book. Os membros compartilham sabedoria, risadas, frustrações e biscoitos horrorosos, além de a incentivarem a investir em Sam. I was wrong of course. The new love interest is a note guy, but is forgettable and I never felt much chemistry between them. But let me tell you this, it's a battlet me tell you this forgettable and I never felt much chemistry between them. But let me tell you this forgettable and I never felt much chemistry between them. But let me tell you this forgettable and I never felt much chemistry between them. But let me tell you this forgettable and I never felt much chemistry between them. But let me tell you this forgettable and I never felt much chemistry between them. But let me tell you this forgettable and I never felt much chemistry between them. But let me tell you this forgettable and I never felt much chemistry between them. But let me tell you this forgettable and I never felt much chemistry between them. But let me tell you this forgettable and I never felt much
chemistry between them. that's always worth it. But then ELEVEN FARKING DAYS of listening went by (I know my reading log doesn't reflect that, but it's because I'm stupid and forgot to add it) and everything that was magic about the first book was tainted and Louisa wasn't adorable and pretty much a failure at being a grown-up and then Lily (FUCKING LILY!) showed up and I have never wanted to smack the crap out of a child as much as I did her little entitled ass and all of the men were vile and WTF happened Jo Jo - your husband cheat on you or something?!?!?! Not all men are awful FFS! Anyway, this was just gross. Morando em um flat em Londres, ela trabalha como garçonete em um pub no aeroporto. I thought this story was very well done. :PLouisa (the girl who fell for Will) has been on the outs with her family due to her role in Wil's suicide, and she took a year off to travel and try to move forward. And guess what? unlikely Tal duologia gira em torno da história de vida da jovem Louisa Clark e, exatamente por isso, antes do drama e até mesmo do romance, acompanhamos a narrativa de uma jornada de amadurecimento pessoal (portanto não se enganem, ambos os livros focam na Lou e em suas escolhas de vida). with too many storylines. Viver é se deparar com situações que nos marcat para a vida inteira, é conviver com marcas que nos assombram e nublam nossas escolhas para sempre, é lutar -----I'm gonna die.I'm happyand scaredbecause I can already imagine what's going to happen... Atrás ha quedado a time)September 28, 2015I hate to upset fans of Me Before You (hell, I'm a huge fan of Me Before You), but this was a very underwhelming sequel. But I don't have to appreciate your treatment of that poor equine corpse. Com mais de 5 milhões de exemplares vendidos em todo o mundo, Como eu era antes de você, Lou ainda não superou a perda de Will. Enough said, it's still a highly-recommended series for all of you! Here's my most favorite, most satisfying part of the book: Lily was the first to step forward, holding her white helium balloon. Camilla released with. Story The book opens about 18 months after the first one ends, which was when her patient and soul-mate, Will Traynor, committed suicide. It holds interest. It's devastating. I think if you are expecting the emotional punch of the first book you are going to be sorely disappointed. I'm not ashamed to say that Me Before You had me up reading until very late at night and then crying my eyes out until very early the next morning. I am crossing my fingers that this was the "filler" book (although 100,000,000% unnecessary) in Lou's story so she can get here happily ever after in #3. Vote in the poll and ratings. I liked Sam, experiments a support of the first book you are going to be sorely disappointed. I'm not ashamed to say that Me Before You had me up reading until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my fingers that this was the "filler" book (although 100,000,000,000% unnecessary) in Lou's story so she can get here happily ever after in #3. Vote in the poll and ratings. I liked Sam, experiments a support of the first book you are going to be sorely disappointed. I'm not ashamed to say that Me Before You had me up reading until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and then crying my eyes out until very late at night and t but I just really didn't feel their connection. I wanted her to become not only the Louisa we knew and loved in Me Before You, but an even better version of that character as she worked hard to recover from a painful experience. And she meets Lily, the secret daughter Will had that no one ever knew about. >
