Call of Duty 4 Modern Warfare Free download is a 2007 first person shooter that was developed by Infinity Ward. It is published by Activision. This is the fourth installment of the Call of Duty series. This game is set in modern times and departs from the World War II setting that was used for previous entries. Call of Duty 4 Modern Warfare: Infinity Ward, creators of Call of Duty(r), delivers the latest action-thriller. Call of Duty 4 Modern Warfare equips gamers with modern-day firepower and transports them around the globe to confront a dangerous enemy group. Both a U.S Marine or British S.A.S. Marine can play this game. As a soldier fighting through a story full of twists, turns, players use advanced technology, superior firepower, coordinated land-and-air strikes, and coordination on the battlefield, where speed, accuracy, and communication are crucial to victory. Online gamers will find a new community of perseverance, addictive and customizable gaming in the epic title. Call of Duty Black Ops II Call of Duty 4 Modern Warfare Free download: There are more than 70 authentic weapons available. This includes assault rifles with laser sights, claymore mines and M-249 SAW machines guns. Call of Duty 4 Modern Warfare includes accessories such as night-vision goggles or ghillie suits to conceal the mission. The title delivers the most intense action thriller yet. It covers modern battle from soldier to satellite. Air support is crucial to victory. Gamers can fast-ropo in tactical helicopters, ride with an armada attack choppers, use jets to eliminate enemy strongholds, and engage hostiles thousands of feet above ground, all while being transported in an advanced aerial gunship. With deep-rooted action sequences and an engaging storyline, the Call of Duty 4: Modern Warfare is one of the most popular titles of the Call of Duty series to catch the imaginations of FPS gamers. This game has been developed by Infinity Ward and Published by Activision. Game Mode Featuring an intense and cinematic action experience, this shooter game can be played on single-player and multi-player modes. Gameplay Set in the most dangerous parts of the world, you are to take on the terrorists as a U.S Marine or a British S.A.S soldier. With a storyline full of twists and turns, the players use lethal weapons and superior firepower on the battlefield. This FPS game features deep-rooted action sequences and thrilling situations. The game arms the players with modern arsenal, including powerful missiles, fighter planes and tanks. Platform & Media Type The game of the year edition of Call of Duty 4: Modern Warfare is a great choice for COD fans and FPS enthusiasts and is playable on PC. Rating The game has an M for Mature rating by ESRB due to all the war simulations it depicts. Call of Duty 4: Modern Warfare (COD4:MW), is one of the most popular and critically respected first-person-shooters ever made. With high-octane set pieces, nail-biting gun battles and addictive multi-player, this is gaming at its most cinematic and thrilling. The single player and split-screen co-op campaign follows an intense series of levels as you step into the shoes of soldiers from the S.A.S and the U.S marines, chasing down a rogue Russian nuke and hunting terrorists. The online multi-player mode provides an unrivalled combination of addictive gameplay, tactical combat and online community. But with two sequels already released, is it really worth revisiting the original COD4:MW? Simply put, yes. While MW2 and MW3 have been criticised for just rehabing the original Modern Warfare gameplay, Call of Duty 4 remains an essential download for any first-person-shooter fan. The main campaign is a tight, thrilling rush through a variety of warzones and combat situations. The core gameplay is pretty much genre-defining, and the weapons feel weighty and realistic in your virtual hands. The A.I. provides a real challenge in the more intense firefights, providing cover for eachother and trying to flank you.It is in the multi-player world that the Modern Warfare series excels, and Call of Duty 4 is no exception.With a unique class system, 32-player matches and a dozen mission variants & maps, there's enough to keep you amused for months, if not years. This is essential PC gaming.Pro's: Genre defining gameplay, excellent graphics, unparalleled online multi-player.Con's: Short single-player campaign, two sequels available.Conclusion: Not only is Call of Duty 4 the best-selling and most critically acclaimed game of 2007, but it went on to spawn a series which has completely dominated the entertainment industry. Call of Duty 4: Modern Warfare arms gamers with an arsenal of advanced and powerful modern day firepower and transports them to the most treacherous hotspots around the globe to take on a rogue enemy group threatening the world. Originally released in late 2007, this landmark title immediately became recognized as one of the most important game releases of the first decade of the 21st century, and a title that influenced countless similar FPS games in the upcoming years. As a part of the Call of Duty franchise, this game managed to re-use many popular aspects of the previous releases, but it also introduced a wide array of new features, online modes, gameplay, and narrative elements that immediately set it apart from its traditional WW2-focused past. Modern Warfare broke away from the historical roots of its predecessors and focused on the near-future conflict between the United States and Russia, bringing modern military hardware, tactics, and the ever-present fear of nuclear war to the gaming displays all across the world. Same as in previous COD titles, the action is told directly from the eyes of ordinary soldiers on the ground who became part in grand spectacle events, often showcasing events and set-pieces never before seen in the history of video games. While it was criticized for not advancing the field of video gaming forward enough and for choosing spectacle over more subtle narrative designs, Call of Duty 4 Modern Warfare received almost unanimous praise from worldwide media and gamers, who praised its gameplay flow, relentless storytelling, and multiplayer design. This all helped to make it the best-selling game of 2007, to reach over 13 million copies sold by 2013, and to become the most popular “sub-brand” found in the COD franchise. So far, Modern Warfare received two official sequels, several remasters, and most recently, a sequel that introduces a complete narrative reboot. The Multiplayer portion of the game features 12 distinct modes of play, 17 maps, and a class system with presets, weapon loadouts, perks, and customization options.PlotAfter three games set in World War II, Modern Warfare jumps to the fictional 2011, in which a military conflict in the Middle East sparks a sudden civil war in Russia. In order to stabilize worldwide events and prevent numerous outbursts of radicalized violence, US and UK militaries send their best teams to locations such as the United Kingdom, the Middle East, Azerbaijan, Russia, and Ukraine. The game has three main playable characters during the 20-level long campaign that spans three acts.Main Features One of the most popular releases in the Call of Duty franchise. The award-winning and best-selling game of 2007. Long SP campaign set in international locales and full of incredible moments. Quickly transition between fast-paced combat to stealth missions. Experience modern warfare tactics from the eyes of ordinary soldiers. Cinematic audio/visual presentation that takes full advantage of modern gaming hardware. Optimized fast-paced gameplay. Feature-rich multiplayer modes. Modest system requirements. System Requirements OS: Windows® XP/Vista and newer Processor: Intel® Pentium® 4 2.4 GHz / AMD(R) 64 (TM) 2800+ / Intel® and AMD® 1.8 GHz Dual Core Processor or better supported Memory: 512MB RAM (Windows® XP), 768MB RAM (Vista®) Graphics: NVIDIA Geforce 6600 or better or ATI Radeon® 9800Pro or better Sound: 100% DirectX 9.0c compatible sound card Hard Drive: 8GB of free hard drive space Internet: Broadband connection and service required for multiplayer connectivity Also Available: Download Call of Duty 4 for Mac
