For those of you who are a long-standing fan of PokĂĴ Ă © Series Mon Game, no one can ever feel strange the name PokĂĴ Ă © Mon Ultra Sun, which is also a part of the seventh generation of this series of long date . PokĂ © Ultra Sun was officially published by Nintendo on November 17, 2017, exclusively for 3DS console, similar to other generations of PokĂ © Mon who usually release two versions in parallel with a slight change in terms of plot. The content and the name are somehow opposite, and this time it's called PokĂ © Ultra Moon. There is also a premium version that includes the two combined versions. The game takes place on a tropical archipelago called Alola, inspired by beautiful Hawaii with its typical beaches and trees. In the game, the player plays a young man from the Kanto region that is with his mother to settle on the island of Melemene in Alola. Here the player meets and save Lillie, a resident of the island, and so it is given to a PokĂ © Mon from a PokĂ © Mon Mefessor, Kukui, which starts, and from here, new missions begin. To complete the assigned tasks, players must venture across the islands, deal with Fierce PokĂ © Mon, and comparing skull minions. During the game, players gradually show the secrets hidden in the vast region of Alola, eventually meeting the legendary PokĂ © Mon, a basement nobby name, with the capacity to use the power of light. To complete the texture of the game, you will not spend too much time, but to capture all the PokĂ © Mon and complete Pokedex, the opposite. A wide map system with the corresponding types of PokĂ © Mon will appear in different environments, where players can venture everywhere and take the PokĂ © Mons want a total of over 300 different types. With the graphic power of the 3DS machine, they are allowing PokĂ © Mon Sun of its advanced 3D graphics, making the most appealing and more realistic effects. The PokĂ © Mon Sun also inherits exceptional features from previous generations like Mega Evolution, PokĂ © Update, etc. There is also a completely new mechanism called Z-moves, which can only be used once in the battle that helps to increase the tactics of the game, which means that the fight becomes Intense. From his launch, the Ultra Sun pokemon impressed both critics and players worldwide. The tests are extremely high scores in prestigious magazines and incredibly impressive sales. So far, the game has been around around Ă little, but its charm doesnĂ © t seem to decrease, so a large number of players are still looking for his experience.
