Its easy to buy flight vouchers through this website, but also feel free to call us on +44~01892~351~210 where our friendly team will be happy to answer any questions you haveand take your order details over the phone. The Decision Is Yours. When buying a flight voucher, most customers want to let the recipient choose their own flight date. Vouchers are valid for at least 12 months, so they will have plenty of time to get a booking in place. However, if you do have a special date in mind, you can select the flight date and buy the voucher at the same time. Thats 7 days a week, if possible. We have two flights each day, with the first one about an hour after sunrise, and the second one a couple hours before sunset. These are the best times of the day for hot air balloon flying season runs from March to October, although in some parts of the country we fly all year round, subject to the ground conditions. Of course, hot air balloon flying season runs from March to October, although in some parts of the country we fly all year round, subject to the ground conditions. Of course, hot air balloon flying season runs from March to October, although in some parts of the country we fly all year round. have a safe and enjoyable experience! But dont worry if the weather prevents your balloon flight from going ahead, you can simply re-book another date and try again. When arriving at our launch site, you will be met by one of our crew for check-in. The pilot and crew prepare the balloon for flight, and passengers are welcome to watch or even join in if they wish. When ready, the inflation begins with cold air fans blowing fresh air into the balloon envelope. After about 10 minutes, the pilot heats the air with the burners, and the balloon rises off the ground into an upright position. This is a surprisingly quick process. When everything is ready, the pilot will invite the passengers to climb into the basket, and a few minutes later, the balloon rises into the sky! Were airborne! Once airborne, the flight duration is about an hour and is sometimes almost an hour and a half! Allow 3 to 4 hours for the whole experience. One of the attractions of ballooning is that we float along on the breeze with no means of steering! Theres no plan or route, and we just fly along until we spot a suitable place to come back to earth. We might travel 2 miles, or 22 miles we just dont know! Each balloon flight is a unique journey! Passengers often expect the conditions to be cold or windy up in the balloon, but they are always pleasantly surprised by just how warm and comfortable the flight is. Of course, theres no chill from the breeze, because were moving with the wind, and the basket just hangs motionless like a pendulum! Theres no feeling of going up & down, or turbulence, all adding up to a wonderful sensation of tranquillity, whilst being exciting at the same time. After landing, passengers can join in with packing the balloon away and afterwards enjoy a Prosecco toast (asoft drink option will be available). The ground crew will have tracked the balloon by road, so they can collect all of the passengers. During most flights we take superb in-flight photographs of the passengers, which provide fantastic souvenirs to remind you of the balloon flight! Shown in the photo at the top of this page is Andy flying an eight person balloon. As you can see, everyone is comfortable, warm and smiling! Hot air ballooning is suitable for children and the elderly alike, but a degree of agility is required. To enter the balloon basket, you need to climb in using the foot holes on the side of the basket and you'll be standing for the duration of the flight. You will also be standing while the balloon is being prepared for flight and when being packed away. Theres no higher age limit; our most senior passenger was 100 years old! Children however need to be aged 7 or over andat least 4ft 6in(1.35m) tall. Passenger safety and enjoyment is our prime objective, so please call should you have any concerns about a passengers suitability to fly. As already mentioned, we fly soon after sunrise and then again a couple hours before sunset. Of course, as the seasons go by, the days get longer or shorter. This means that we have to adjust our take off times accordingly. In summer months, when the days are at their longest, we might meet at 5.30am for a dawn flight, and then not meet until 6.30pm for an evening one. Conversely, in winter, it might be 8am and 1.30pm due to the short daylight hours! Hot air balloon flights simply cannot take place during the middle part of the day in summer due to the thermals. Whilst great for the glider pilots, thermals are dangerous for balloons. Thermals are generated by the suns warmth, hence balloon operators. Most of our members have been operating passenger balloon rides for 30 years or more! This gives us an unparalleled wealth of experience that allows us to achieve the highest operating standards regardless of which location you fly from! Biggest Selection of Locations. Experience MoreGet ready to embrace the magic of Balloons Over Britain, powered by WonderDays Gift Experiences. Together, these visionary brands are set to redefine the limits of adventure, pushing boundaries, and inviting you to create memories that will last a lifetime. See Locations It was 3rd time lucky for us as the first 2 bookings were cancelled due to adverse weather conditions. All I can say is, it was well worth the wait! The whole experience was just brilliant. From the initial meet up at Aston Marina, the flight (which lasted for 1 hour), the landing and even helping to pack the balloon up afterwards. John on Tripadvisor If you get the chance take a flight with Wickers World, what an experience! We were so lucky with the beautiful autumn weather for our trip over the stunning Peak District. The flight itself was perfect, really still and warm with a comfortable landing. And the pilot Andrew was excellent throughout - his calm professional manner and clear briefing and commentary. Andy M on Tripadvisor WOW WOW!!! Well worth the wait for the PERFECT day over Derbyshire. An amazing afternoon from start to finish. The pilot Andy and his team were amazing. Communication throughout the process friendly and professional. Safety and a relaxed experience were priority. Cannot express enough how fabulous the whole event was. My 85 mum had the time of her life thanks to the team taking excellent care of us. Jlt0763 on Tripadvisor How can financial brands set themselves apart through visual storytelling? Hot air balloons are the safest form of aviation. We only conduct our flights when the weather conditions. Where will we fly from?Vista Balloon Flights predominantly operate within Northamptonshire. We have several launch sites which are listed HERE. We can travel to your preferred location although there will be an additional charge per mile. Sometimes we fly from balloon fiestas and festivals around the country, check HERE for availability. How high do not air balloons fly? The majority of our flights will be at an altitude of around 1,500ft. Generally speaking we do not need to fly above 3,500 ft although this will vary depending on conditions at the time of your flight. Our balloon flights will last for approximately one hour, sometimes there may be an operational need to fly for a longer or shorter period of time. All of our flights take place in light wind conditions accompanied with good visibility and no rain forecast. What time of day do hot air balloons fly? Balloon flights are made within two to three hours of sunrise and sunset, when the winds are at their calmest. These times vary throughout the flying season as with the daylight hours. Typically from May August we start at 0630 in the evening and 1830 in the evening the colder months, we can usually fly at any time of the day. Where do hot air balloons land? Hot air balloons fly with the wind so every flight is different! We dont have a steering wheel so we only know the approximate direction based on the days wind forecast. The exact landing point will be decided by your pilot during the flight. We always aim to land in animal free grass pastures or cut arable fields. What should I wear for a hot air balloon flight? Please dress for the weather, as if you were to go on a walk in the park or countryside. The temperature in the sky will not be too different to the temperature on the ground. Walking boots or wellingtons are recommended as the launch site will often be damp in the early morning. Trainers are okay however bare in mind we often land in the countryside so you may get them dirty! For our taller guests, we advise to bring a hat as there will be some radiant heat from the burners above us. You may not need it but its better to be prepared! Ladies in particular, we advise to avoid wearing any type of dress or skirt. High heels are not permitted on any of our flights. Am I insured during my flight? We carry insurance cover for any legal liability we may be found to have to you for any injury you may sustain during the course of the flight, or when embarking or disembarking or disembarking wour own additional insurance. Please read our TERMS & CONDITIONS for more information. Can I take my camera in a hot air balloon? Definitely! We advise bringing cameras in their protective case, which can be safely stowed for landing. Please note, Vista Balloon Flights cannot be held responsible for any loss or damage incurred during the flight or landing. Please note, Vista Balloon Flights cannot be held responsible for any loss or damage incurred during the flight or landing. watch as you take to the sky. If you have a big entourage, we encourage them to wait in the nearest pub until you return from your flight. We provide balloon flights for groups of either two, three or four people. This means the only other person in the basket on your flight will be a qualified commercial pilot. Are there any restrictions on who can fly? Unfortunately, yes. It is your safely in mind with our following restrictions; Children must be of a height over 1.4m this ensures you will be able to see over the side of the basket during the flight and also being able to adopt the correct, safe landing position. Passengers must be fit and well, our baskets do not have doors and you will be required to climb in and our of the basket. You must able to stand for one hour (leaning on the basket) and must be able to bend your knees for the landing period of the flight. We cannot fly you if you are pregnant if you fall pregnant and are unable to fly, we will extend your voucher. Please contact us at your earliest convenience. If you have a medical condition that may become relevant during your flight with us, please notify us in advance so we can do our best to meet your needs. All of our pilots are First aid trained. If you are in excess on 20st (125kg) please contact us prior to booking. There is generally no problem but we need to ensure that the total weight of passengers on the flight does not exceed the operational limit. If you are unsure of whether you can fly with a pre-existing medical condition, please check with you GP/Doctor who will be able to give you a clear answer. When is the best time of year to book my flight? The main season for flying hot air balloons is between April and October. Weekend flights and summer evenings are the most popular due to longer daylight hours although spring and autumn can produce some beautiful flying experiences. How to book a hot air balloon flight? Once you have purchased a flight voucher, you will receive an email confirmation which contains a link to confirm your details. On this page you can select a preferred flight date, preferred flight dat provide a bespoke flight. Which will be tailored around your requirements. Please CONTACT US and provide as much detail as possible with your requirements. We will then be able to review your requirements. We will then be able to review your requirements. Balloon Flights start from 225 per person (on a shared flight). Exclusive flights start from 700 for two people, 900 for three people and 1100 for four people. Where is the best place to fly hot air balloons in the UKFlying over somewhere recognisable adds an extra touch of magic to your flight, you may be able to see your house, where you work or where you do the weekly shop! How long is my voucher valid for? Our flight is cancelled? If your flight is cancelled due to adverse weather, we will re-book another date provided it is within your vouchers expiry date. We always keep a standby list for passengers who would like to fly at any time, should good weather arrive and we have availability we will contact you. Our full terms and conditions can be found here. Experience the thrill of a lifetime with a 60-minute hot air balloon ride for 2. Celebrate with sparkling wine upon landing and tick this unforgettable adventure off your bucket list. With flexible booking options, you can choose your flight date and location, making it the perfect gift for any occasion.
